

David Cameron Gikandi

*Author · creative consultant on **The Secret***

*Founder of the **Abundance GPS Skool** community + **AI coaching suite***

David Cameron Gikandi is the author of *A Happy Pocket Full of Money* (bestseller, twelve languages) and one of the consultants on *The Secret*. For two decades he has refined a system that integrates business strategy, identity work, and spiritual practice — the **Abundance GPS System** — now taught through a **Skool community**, three custom **AI coaching tools**, courses, and a private mastermind cohort.

THE AI COACHING SUITE (CUSTOM GPTs · 1,511-FILE TEACHING CORPUS)

- *AI Quantum Growth Coach* — the integration coach (6-Layer diagnostic + GPS+I cycle)
- *AI Vision Weaver* — the future-identity tool (CLARITI Method)
- *AI Business StrategyOS* — the Economic Machine pillar in software

WHAT HE'S WILLING TO DISCUSS

- Why most "abundance" teaching fails to integrate
- The trauma-informed evolution of self-help
- The practical limits of the Law of Attraction (20 years on from *The Secret*)
- AI coaching and the future of personal development
- Pricing, money, and conscious entrepreneurship
- The three-pillar integration model (Economic Machine, Mind & Heart, Spirit & Flow)
